Subject: RE: Laser Survey Data of WTC Towers

wtc Survey.pdf (1 MB)

Shyam,

Survey was done for the title company, Commonwealth Title, that was insuring the title for GMAC. It was not done for ADA and only shows meets & bounds and outline of buildings. The net lease documents say the survey was done 2/6/01 & updated 5/24/01. It was done by Levell & Belcher. We are not sure if it was a laser survey.

Here's a PDF file; should you prefer it on a CD, I can send one. Originals should be available from the survey firm, if you need.

Thanks

Saroj

Subject: Laser Survey Data of WTC Towers

Saroj,

At one our meetings at PA offices last Spring, there was mention of laser survey data of the WTC towers that may have been done just prior to the transfer to Silverstein. We recall this may have been done for ADA compliance.

Could you please check if this information exists? If it exists, we would appreciate your sending us a CD with the information.

I look forward to your response. Thanks.

Shyam
